# Helping you navigate the Marketplace

Marketplace allows Small Employers to shop for health insurance in a transparent environment that permits the employer to pick the plan that fits their needs both from a coverage and cost standpoint. Small group plans are community rated and this means rates are not affected by the health status of the employees and/ or dependents.

Metal Plan	Average Health Plans Payment
Bronze	60%
Silver	70 %
Gold	80 %
Platinum	90 %

# Be aware the following may affect your health plan costs:

- o Age
- o Family size
- o Location
- o Plan metal level

Dental & Vision options are available with some plans. Be sure to add those to your selections, if needed.

AultCare's Marketplace plans are available in the highlighted counties.

This information is intended to provide a summary of benefits. Not all benefit descriptions and exclusions are included in this summary.

<sup>1</sup>A Calendar Year Deductible of \$6,300 per Covered Person / \$12,600 per Family is applied first before any Covered Services are paid to Network Providers, and designated Covered Services to Non-Network Providers. The Deductible, Copayments and Coinsurance are subject to an Out-of-Pocket Maximum of \$9,100 per Covered Person / \$18,200 per Family. Once you have met this maximum, the Plan begins to pay medical and prescription Covered Services at 100%.

<sup>2</sup>A Calendar Year Deductible of \$18,900 per Covered Person / \$37,800 per Family is applied first before Covered Services are paid to Non-Network Providers. Payments to Non-Network Providers for Covered Services are based on Reference Based Pricing criteria (RBP). Deductible and Coinsurance are subject to an Out-of-Pocket Maximum of \$27,300 per Covered Person / \$54,600 per Family. Once you have met this maximum, the Plan begins to pay medical Covered Services at 100% RBP. <sup>3</sup>Covered Services are paid in accordance with Mental Health Parity and Addiction Equity Act of 2008, which prohibits discrimination in the coverage for diagnosis, care, and treatment of Mental Health and/or Substance Abuse.

<sup>4</sup>Your co-payment and/or coinsurance plus payment to the provider and/or his facility constitutes full payment for a screening mammography. Your Copayment and/or Coinsurance plus the Plan payment to the provider and/or facility constitutes full payment for a screening mammogram.

<sup>5</sup> Preventive Health Services are the recommended preventive services required to be covered without cost sharing under federal law.

<sup>6</sup>DEDUCTIBLES AND OUT-OF-POCKETS ARE EMBEDDED. Each member of a family is looked upon as an individual in regard to the deductible and out-of-pocket. Once a member reaches the single deductible, co-insurance will apply for that member. Once a member reaches the single out-of-pocket, no co-insurance will apply for that member.

<sup>7</sup> Payments to Non-Network Providers for Covered Services are based on Reference Based Pricing criteria (RBP). Charges for Non-Network Provider Covered Services that exceed the RBP amount may be Your responsibility.
